CHILDREN IN NEED SUPPORT HYPAC

The last edition's "front page" focused on the sad closure of Earl Sterndale Chapel with many memories of how the impact of communities working together had on the lives of so many in the past.

This edition our focus is on the future of our communities, the impact of young people and the opportunities for them to flourish.

For 17 years, the Hartington Young Peoples Activity Club (HYPAC) has been a cornerstone for youth in the community, offering countless young people from Biggin, Bakewell, Warslow, Sheen, Monyash, and Hartington opportunities to grow, learn, and make a difference. With the vision of "Accessible Opportunities for Young People- led by Young People," HYPAC has seen its fair share of ups and downs, but the impact has been undeniably positive.

A vital contributor to HYPAC's success is Olivia Williams, a dedicated leader whose quality programming has helped participants develop essential life skills while enhancing their physical and mental wellbeing. Olivia started with us as a participant who grew through the programme and is now our main leader who is employed in the sector. Many young leaders who have passed through HYPAC are now in their 20s, having made significant contributions to the club and their communities.

Recognizing HYPAC's "pedigree," Children in Need has awarded the club a £5000 grant, securing its future for the next few years. This funding will support a diverse range of activities, including multi-skills, traditional sports, outdoor adventures, fencing, OZBOXING, practical first aid, arts and crafts, cooking, and more. Many of these activities take place in the Hartington Village Hall, school playground, and the surrounding countryside, reinforcing the club's core values of RESPECT, TEAMWORK, and CARING.

With annual running costs of £2200-£3000, the grant ensures the club can continue to hire facilities, bring in external deliverers, provide transport, and purchase equipment. The club operates thanks to the dedication of volunteer leaders, with membership costing just £30 for a 10-week term, three terms per year.

HYPAC's 2024/25 programme kicks off on Monday, September 23rd, at 5:30 PM in the Hartington Village Hall. Open to children aged 6 to 12, with opportunities to become young leaders after this age, the club invites everyone to come along and experience the fun, learning, and community spirit HYPAC has to offer.

As the saying goes, "Use it or lose it"—so why not give HYPAC a try? All are welcome!

The AGM will be held on Tuesday 10th September – 5.30pm Hartington Village Hall

Vicar letter- Within the White Peak group of parishes there are currently many challenges. Life has been tough over the past few years whether it's involved managing the impact of the on-going cost of living crisis; fragile transport and communication links; our amenities struggling because of an aging population; or simply being priced out of business. Our schools, churches, village halls, pubs, post offices and shops are the glue that keep our communities together. They're the places where we meet, create memories and help to grow our rural economies. They are the hubs where friendships are forged, and traditions are grown. In an era that puts a price on everything and where bigger is often regarded as better we need to protect the civic structures that serve our villages both as individuals, as communities and neighbouring parishes. When local amenities and traditions disappear, they leave the villages they once served poorer for their absence.

A shared focus and vibrant community are good for our mental health, reinforce our sense of self and gives life to the places where we live. Various surveys and studies reflect the fact that the more we engage with spaces where we live the greater the positive emotions we have about that place and ourselves. And there is so much going on – just look at what HYPAC is doing; the developing Live Stronger for Longer Programme; and the various village groups who want more of us to engage with one another and the world around us. We are better together when we share our company, our skills and our time. The whole is greater than the sum of its individual parts. When we work together, we can do almost anything.

If we choose not to support our amenities, if we choose to go elsewhere or not to engage at all – whether we're permanent residents, seasonal ones, incomers or have lived here all our lives- then we run the risk of losing those aspects of living in a village that are beyond price, or else having unwelcome changes imposed upon us from afar. A dormitory settlement is one where people sleep but travel elsewhere for everything else. That is not the definition of a community - it has no heart and no soul. In other words, there is no love. When it comes down to it, it's up to all of us to engage with our communities, to keep the glue that holds them together, and the things that make our villages what they are, working. Challenges become opportunities only if we, and the places where we live, thrive.

Hartington Surgery Flu vaccines- It may be a little early to mention flu vaccinations, but with the year ticking along a reminder of our process is below.

Flu vaccines will be offered to:

- all patients aged 65 years and over
- patients aged 6 months to under 65 years in clinical risk groups
- children aged 2 or 3 on 31st August 2024
- pregnant women

Flu clinics at the Practice will take place during October. We aim to offer pre-booked appointments for flu vaccines, at a variety of times during the day, including late evenings on Mondays, to assist working patients who may struggle to attend during regular working hours. All eligible patients will receive an invite to book an appointment. A generic NHS reminder will be sent first followed by contact from the Practice as soon as we have delivery dates of the vaccines confirmed. Contact from the Practice could be by text message, letter or phone call.

Tales from the field

I love sunshine! I’ve realised over the years that I’m literally a complex plant that requires sunshine to thrive.

So, this summer’s sunshine has been wonderful, and I’ve enjoyed every moment of it, I’m also reminded how lucky I am to have an outside space, as many of the people I work with live in flats with no personal outside space and this doesn’t concern some of them in the slightest. I think I’d wither without a garden as the first thing I do when I finish work is go outside, regardless of the weather, a walk in my garden is relaxing to me. I treat my garden the same as my house, I tidy it at the end of the day, I move things around, I love adding colour and I enjoy making it perfect for me to use regardless of the weather.

Apparently everyone is different, some people do not even need sunshine (shock horror) but this made me take a glance around my village and every garden is different, some people have a garden full of grass, some have no grass at all, some are full of flowers or vegetables, others use them as workshops, some are filled with toys, others are just somewhere to store the detritus of life and then just a few clearly adore their outside spaces and they look like extensions of their homes, full of personality and love.

Clearly our gardens are as unique as we are.

So next time you’re taking a stroll around your neighbourhood, take a look in all the wonderful gardens and you’ll get a sneaky glimpse into the life of the people who live there. Enjoy!

Children’s corner

The end of summer is the perfect time to go into the garden for a bug hunt!

Here’s what we found in our garden today.

See if you can find these magical little creatures in your own garden. Can you name them all?

Joint Village environment section

Conserving water in your garden This summer has seen heavy downpours interspersed with hot dry days that can be a challenge to enthusiastic gardeners who need to water planters and pots. The good news is that the erratic weather patterns do give gardeners more opportunity to capture and store rainwater - which will help to reduce water bills. Water butts can be easily attached to down pipes on houses and outbuildings. These days butts come in all shapes and sizes. Make sure that the butt has a well secured lid to prevent mosquitos

from breeding and birds from drowning. The best advice is to water the base of a plant rather than spraying a large area and don't forget to mulch up with wood chips as this helps to retain water as well as prevent weed growth.

New planters for Biggin & a reminder about the seed swap- The parish council has given Biggin's wildflower group funds for two planters to be placed near the bus stop on Main Street and another on Drury Lane. They will contain herbs and wildflowers.

The Coffee, Cake and Chat seed swap remains in operation in the Biggin Telephone Exchange. People are welcome to take any of the seeds in the box if they have a use for them and if you have packets of seed, even if they have been partly used, that you no longer want please consider donating them at the exchange. The book swap welcomes any gardening or wildlife books if you are having a clear out.

Biggin News

Congratulations- Rita and Bill Lamb on your 70th Wedding Anniversary- This was celebrated at Biggin Village Hall on the 17th August. The actual date is 14th August 1954- when 70 years ago they married at Biggin Church. Rita- nee Riley- was from Biggin Parish, Bill from a farm at Hognaston, which is now run by their daughter. A wonderful couple who thoroughly deserve our love and best wishes on this special day.

Hartington Nether Quarter Parish Council "Speedwatch"- Periodically, two residents of Biggin have kindly undertaken Speedwatch trials to monitor the speed of traffic through the village of Biggin. These trials can only be undertaken by 2 adults and unfortunately, one of the residents can no longer undertake this work. To enable further Speedwatch trials to take place, a further volunteer would be required. If you are interested in becoming a Speedwatch volunteer, please advise a member of the parish council and you will be put in touch with the remaining volunteer to provide further information about the scheme.

Following the general election, there was a change of MP and she had been in touch with him in this regard. She was unaware of the erection of a mast at Sheen which seems to have improved EE connectivity in the village. She asked for publication of this development through local information channels such as News and Views and Community Web pages. It was reiterated that a proposal for a large, intrusive communication mast just out of the village had been refused. There was also a presentation from Connect Fibre. There was a public meeting on Tuesday 20th August 3-7pm, Hartington Village Hall where their plans were communicated

Hartington Wildflower Group Clearing blanket weed from the Mere

As part of the ongoing management of the village pond, regular clearing of blanketweed continues to take place. Once removed it is left by the side of the pond to allow any aquatic life to return to the

water, and then once dried out it is removed for composting.

In order to help keep the blanketweed under control, barley straw bales have been introduced and volunteers will be regularly monitoring the health of the Mere over coming months. Thank you again to all of the volunteers who help out.

Hartington Community Group has recently obtained a small society lottery licence from DDDC that enables the HCG to run lotteries, raffles, tombola's etc that raise money for charitable and non-commercial causes. This is an annual licence that the HCG will renew each year going forward. If you are considering raising funds for charitable /non-commercial causes and you don't already have your own lottery licence you can potentially utilise the licence we now have in place instead of applying for a separate one. Please contact Cathy Manson or Phillip Neal if you'd like to find out more.

Help needed with Hartington Community Facebook administration The very popular Hartington Community Group Facebook page needs more people to help out as admins/moderators. This is not an onerous task and all that is needed is familiarity with Facebook. If you are interested or would like to discuss further, please speak to Dorothy Hawton or a member of the Hartington Community Group committee- Phillip Neal, Cathy Manson or Leon Goodwin

A reminder about the village calendar. As well as the events advertised on the community noticeboards, the village website (<https://www.hartingtonvillage.com/events/>) has a comprehensive calendar of events taking place across our community and is a great source of reference for what is happening. If you are planning on running an event, do take a look at the calendar to minimise any overlap with other events. If you do want to add an event, please email digitalteam@hartingtonvillage.com with details and the Digital Hartington team would be happy to add it to the calendar.

Looking for new walks? – download the Derbyshire Walking App The Walk Derbyshire App is a free community led tool helping people to

find and explore local outdoor spaces and short walks in their neighbourhood. You can help people to find walks in your neighbourhood, by adding your favourite walks to the app to increase the content and provide everyone with more accurate and useful walking routes and spaces that are used and loved by the people who live there.

High Speed Broadband Installation Connect Fibre who are installing full fibre high speed broadband connectivity into Hartington and surrounding areas held an information meeting on Tuesday 20th August in Hartington Village Hall. The event provided the opportunity for residents to find out more information about what is happening, and the benefits that high-speed broadband will bring to our community. The event was organised in partnership with the Parish Council and Community Group. This is being funded as part of the government initiative to deliver high speed broadband to rural areas.
